

SYNTHESIS SUMMER

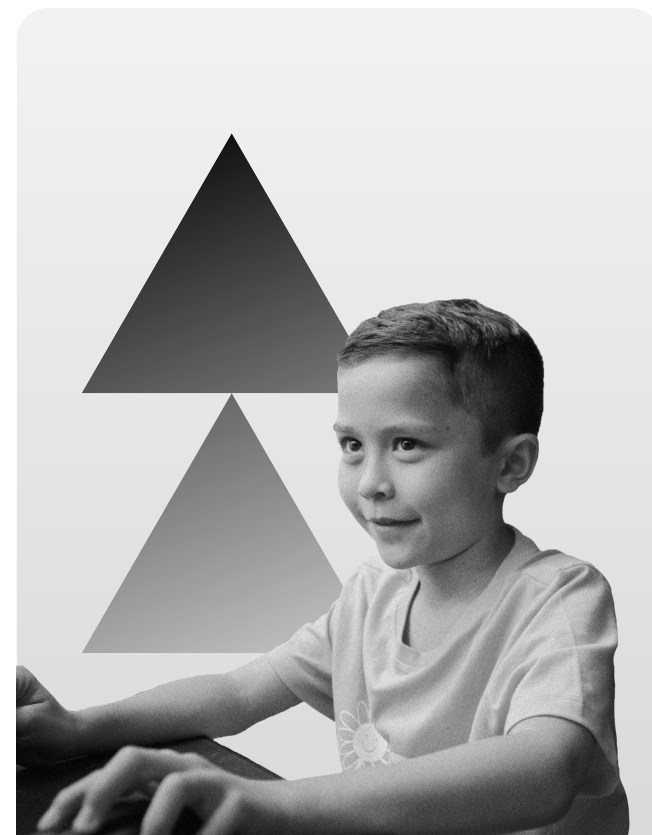

ENGLISH IMMERSION CAMP

JUN. 23 — JUL. 19 2025

Students collaborate with peers from around the world to practice strategic thinking strategies in engaging, game-based simulations.

English Immersion Strategy Camp is a four-week, online program designed to help kids develop strategic thinking skills while engaging in authentic, natural conversations that build language proficiency.

Build fluency in real time — speaking, listening, collaborating, and problem-solving in English with fluent peers and native speaking coaches.

NATURAL, UNSTRUCTURED CONVERSATIONS with English-speaking peers from around the globe

REAL-WORLD ENGLISH PRACTICE in high-interest, problem-focused simulations

ENGAGING, COACH-FACILITATED SESSIONS that promote active listening and spontaneous speaking

OPTIONAL SUPPLEMENTAL MATERIALS to support targeted language development

NO ROTE MEMORIZATION, DRILLS, OR GRAMMAR TESTS; just purposeful communication

From the founder of the SpaceX lab school.

In 2014, Elon Musk asked our founder Josh Dahn to start an experimental school with him at SpaceX. The goal was to develop students who are enthralled by complexity and solving for the unknown.

Synthesis offers the most innovative learning experiences from that school. They're designed to cultivate student voice, strategic thinking, and collaborative problem-solving.
